songbook and a parent guide**

Jeff Paris (director & teacher) has been teaching Music Together for over a decade around NYC, and still feels so lucky and grateful to have such joyful, playful work. Sharing these formative years with you and your children is such a gift. Jeff has been on stage as an actor, poet, and musician – but sitting in a circle with a bunch of adults and kids is where he feels most at home.

*** EMAIL POLICY**

Your email will be used for class cancellation alerts and important updates. You will also receive a few e-newsletters a year directly from Music Together with articles and insights to help you keep things musical at home. You can opt out of these after the first one. Your email will never be shared with third parties.

WHY IS MUSIC IMPORTANT FOR US?

Because children's hearts and bodies are so open, music can be integrated at an early age in a unique way. Very young children learn the language of music through their bodies, forming a foundation that lasts forever. They will come away with strong music skills, but more importantly, with that special gift of a heart attuned to rhythm and song: an inner sense of wholeness and a way for each little soul to dance their special songs.

Particularly in these unsettling times, it is good to be part of a community and Heartsong Kids and the Music Together® classes give us this opportunity. Children and adults playing, laughing, dancing, and singing together gives us all a chance to feel safe and loved and loving. We are creating a better world through the connections of our circle.

MUSIC is one of the greatest gifts you can ever give your child. Or yourself.

WHAT IS MUSIC TOGETHER®?

Music Together is a nationally recognized early childhood music program with centers throughout the United States and in other countries.

Music Together classes are based on the belief that making music with children, in the family and in a community of families

- enriches the lives of both children and adults
- promotes musical growth in children by nurturing their innate musical aptitude and providing a groundwork for future musical explorations, and
- shows us how much FUN music is!!!!

WHAT ARE MUSIC TOGETHER CLASSES LIKE?

Classes are made up of 6 to 12 children, each child accompanied by one (or both) parents, or a caregiver.

The teacher leads the class in songs, dances and rhythm chants featured in the song collection for the current semester. We make music through the natural and expressive movement of our bodies. Music Together parents discover what a powerful role model they are to their child, just by having fun with the music themselves. In doing so, they often find that their own musicality flourishes as well!

In these classes there is no right way or wrong way, there is only each explorer's way into the wondrous world of "rhythmos" – the river of music.
